

ChatZilla – User Manual

Things to note to get started:

1. To continue chatting you must have ChatZilla Account
2. You must have the contact number of receiver in your phone directory
3. Receiver must have an account on ChatZilla

Troubleshooting

Common Issues

- **Messages Not Sending**

Possible Solutions:

- Check internet connection
- Restart the app
- Log out and log back in
- Update to latest app version

- **Can't See Contacts**

Possible Solutions:

- Grant contacts permission in device settings
- Sync contacts manually from settings
- Check if contacts have Chatzilla accounts
